HISTORY, &C.—Organized May 5 1863 and on Feb. 11 1874 took present name. The Chicago Milwaukee & Puget Sound Ry., forming Pacific extension, was acquired in fee Jan. 1 1913, its bonded debt being assumed: the stock ($100,000,000) is held alive merely as a muniment of title. V. 96, p. 62; V. 95, p. 1683; V. 97, p. 819.

In Dec. 1918 took title to the railway franchises, &c., of the following companies, all of whose outstanding capital stock were owned by it: Tacoma Eastern RR. Co., Puget Sound & Willapa Harbor Ry. Co., Seattle Port Angeles & Western Ry. Co., Bellingham & Northern Ry. Co., Milwaukee Terminal Ry. Co., and Gallatin Valley Ry. Co. V. 108, p. 2017.

The stockholders on May 21 1921 approved a proposition to lease the Chicago Terre Haute & Southeastern Ry. Co. for a term of 999 years from July 1 1921, with option to purchase the leased property. By the terms of the lease this company guarantees as rental for the use of the leased property the payment of the annual interest on the bonds and securities of the Southeastern Company, amounting to approximately $900,000, together with the annual taxes, approximately $235,000. This company further agrees to purchase any or all of the 40,000 shares of the outstanding stock of the Southeastern Ry. at $10 per share, and agrees to assume the outstanding securities, amounting to about $19,000,000, the bulk of which mature in 1951 and 1960. (See terms of lease under Chic. T. H. & S. E. Ry. in V. 111, p. 2519.)

The I.-S. C. Commission in Feb. 1922 authorized the company to acquire control of the Chicago Milwaukee & Gary Ry. by purchase of its $1,000,000 capital stock, and to assume obligation or liability, as guarantor, in respect of $3,000,000 of the $5,700,000 1st Mtge. 40-year 5% gold bonds, due Apr. 1 1948, by endorsing thereon its guaranty of payment of principal thereof and of interest accruing from and after Jan. 1 1924. Compare V. 114, p. 853.

The U. S. RR. Administration in Nov. 1920 reported a final settlement with the company of all matters growing out of the 26 months of Federal control by the payment of $13,750,000 in cash and the funding for ten years of $20,000,000 due from the company for additions, &c. The adjustment was made as of Nov. 1 1920.

BONDS.—The 100-year General and Refunding Mortgage of 1913 is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding stock, now amounting to $233,251,800. When the amount of bonds issued thereunder (bearing interest not in excess of 6%) reaches $696,000,000, further issues must be limited to 75% of the cost of property placed under the mortgage.

The mortgage is secured by a direct lien on all the properties, including about 10,180 miles directly owned, 109 m. jointly owned, terminal properties in Chicago, Milwaukee, Seattle, Tacoma, Spokane & other cities, and the entire equipment, subject to $179,673,000 prior liens ($18,331 p. m.), to retire which an equal amount of bonds is reserved, $132,007,200 being also reserved to retire debentures and convertible bonds, which are equally secured thereunder. None of the prior liens may be extended and no further amounts issued except gen. M. for refunding purposes, so that eventually the Gen. and Ref. bonds will become an absolute first lien. Further bonds may be issued for improvements, betterments, acquisitions, construction, equipment, &c. Of the bonds, $154,489,500 have been issued in exchange for Chic. Milw. & Puget Sound 1st 4s (leaving only $26,175,000 of the latter outstanding). On Dec. 31 1920 the treasury held available $117,217,200 of the new bonds issued for said exchange and against impts., &c. The $29,089,700 Gen. & Ref. Mtge. bonds issued in 1915 are convertible into common stock at par for 10 years beginning Feb. 1916. V. 100, p. 139, 228, 307, 811, 900, 981; V. 101, p. 287.

ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized, without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

FULL FINANCIAL STATEMENT TO N. Y. STOCK EXCHANGE of Feb. 26 1919, see V. 108, p. 1172 to 1174. Valuation, V. 109, p. 1461; V. 113, p. 1470, 1573, 1771; V. 114, p. 2240.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. See "Notes" below. V. 108, p. 378; V. 109, p. 672.

standing, $10,500,000 being pledged as security for the 15-year collateral trust sinking fund bonds and the balance being held by the U. S. and the Belt Ry. Co., as collateral. No additional First & Ref. bonds can be issued until the aggregate annual rentals payable above all operating expenses, taxes, &c., shall equal the interest, including bonds proposed. The leases provide that the five owning companies will jointly and severally pay the interest on the $22,250,000 bonds, also a further $159,000 yearly for a sinking fund until $22,250,000 has been redeemed. V. 101, p. 693 448; V. 100, p. 1671; V. 105, p. 388.

The holders of the $15,000,000 7% notes dated Sept. 1 1917 and extended to Sept. 1 1920 were offered a plan whereby the holder of each $1,000 note would be paid $500 in cash and would receive $500 in new 15-Year 7½% Collateral Trust Sinking Fund bonds. The Belt Ry. Co. agreed to accept in exchange for the $1,000,000 6% notes held by it a like amount of new 15-Year 6% Notes. The plan was declared operative in Oct. 1920, holders of $14,000,000 notes having assented. V. 111, p. 1565. The bonds are secured by $10,500,000 1st & ref. mtge. 5% bonds, Series "A." Arrangements have been made through the medium of a special sinking fund for the retirement of all the bonds before maturity (compare V. 111, p. 791; V. 112, p. 1976). The bonds are to be purchased in the market by the sinking fund at not over 102½ and int., and if not obtainable at that price, shal be called for payment at 102½. V. 111, p. 791.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853.

In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock See extra dividend below, also that company's caption under Miscel. Cos.

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W. Coal Co. A new contract has been arranged. V. 101, p. 47. In May 1917 suit over Morris & Essex lease was settled, the guaranteed dividend on M. & E. stock being increased from 7% to 7¼% p a. V. 104, p. 2116. V. 100, p. 1509, 1832; V. 102, p. 1896; over Syr. Bing. & N. Y. lease, V. 103, p. 1980. Anthracite rate case, V. 101, p. 2072; V. 102, p. 1357. Government regulation of coal prices in 1917, V. 105, p. 767, 2412, 2293, 1961.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission a plan for the segregation of its coal properties and the operation of its mines owned as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $15,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000. Compare V. 112, p. 2190.

HISTORY.—Incorp. in Dela. Nov. 15 1920 as successor to the Denver & Rio Grande RR. A company with the same title (to be the operating company) was incorporated in Colorado on Nov. 30 1920.

Title to the properties of the Denver & Rio Grande RR. was formally transferred to this company at midnight July 31 1921. Pres. Young on July 30 1921 stated that the Western Pacific RR. Corp. controlled the stock of both the Western Pacific and the D. & R. G. W., but that the two properties would have independent operating forces and would be operated separately except as to the ordinary traffic relations that usually exist between friendly lines controlled by the same interests.

Judge Learned Hand in the U. S. Dist. Court in N. Y. City on May 18 1917 decided in favor of the Equitable Trust Co., as mtge. trustee of the old Western Pacific *Railway*, the suit brought against the Denver & Rio Grande RR. Co. to enforce the payment of the guaranteed bonds. V. 105 p. 1309, 1522; V. 104. p. 2641, 2117. The Circuit Court of Appeals at N. Y. on Jan. 4 1918 affirmed the decision, ranking the judgment as a lien on the property inferior to the lien of the mortgage bonds. V. 107. p. 1186 V. 106 p. 85 188. 1126. 1688.

In Sept 1918 after some $7,771,395 had been realized on the judgment, the Western Pacific RR. Corp., holder of the beneficial interest in 95% of the $50,000,000 1st M. bonds of the former Western Pacific Ry. Co., was proposing to set aside $3,500,000 of the money so received for the rehabilitation of the D. & R. G., and thus far the protection of the remainder of the judgment. V. 107. p. 1102.

On Jan 26 1918, in view of the foregoing judgment, the property was placed in the hands of its President, Edward L. Brown, and Alexander R. Baldwin, of San Fran., V.-Pres. & Gen. Attorney of the Western Pacific RR., as receivers by the U. S. District Court at Denver, on application by a creditor, the company consenting, although earning a surplus over fixed charges, and there was no other floating debt. V. 106, p. 498; V. 107, p. 1186.

On Feb. 28 1918 the U. S. Gov't, having, as a war measure, taken over the managment of the property, Mr. Brown retired as receiver and Mr. Baldwin remained as sole receiver of the free assets with no part in the operation of the road. V. 106. p. 929.

In June 1918, $10,418,700 securities held by the company in N. Y banks were attached: $10,000,000 stock of Utah Fuel Co. was sold under this judgment on June 20 and bid in by William Salomon & Co. on behalf of Western Pacific RR. Corp. for $4 000 000. V. 106 p. 2648, 2559.

The Equitable Trust Co. on May 4 1920 obtained an order from Supreme Court Justice Lydon, directing David B. Knott, Sheriff of N. Y. County, to issue a further execution upon a judgment awarded against the road and to levy upon certain property of the defendant held in this State. The sale, which took place on May 26 1920, realized about $1,200,000. Compare V. 110, p. 1972, 2291.

For payments made under foregoing judgment see Western Pacific RR. Corp.

Sale of Road.—The road was sold at public auction on Nov. 20 1920 for $5,000,000, the minimum amount allowed by the Court, to John F. Bowie of New York, representative of the Western Pacific RR. Confirmation of the sale was held up owing to objections filed by the pref. and com. stockholders' committee. A petition by the latter to intervene was denied on Feb. 28 1921 by the U. S. Circuit Court of Appeals at St. Louis. The sale was finally confirmed on March 28 1921 by Federal Judge Robert E. Lewis at Denver, after the Court had ruled that a resale would be ordered if the stockholders' committee would deposit $100,000 on March 25 1921 and agree to bid $10,000,000 for the property at the resale. Judge Lewis refused to permit the committee to file a bond of $100.000 in lieu of cash.

Judge Lewis in the Federal District Court at Denver on April 2 1921 dismissed the ancillary action brought by stockholders to set aside the sale of the property to the Western Pacific. On Sept. 9 1921 permission was granted by the U. S. Circuit Court of Appeals at St. Louis to appeal from the decision. V. 111, p. 2227, 2323, 2520; V. 112, p. 257, 372, 652, 932, 1024, 1143, 1282, 1399, 1518, 1865, 2082, 2190; V. 113, p. 531, 1250.

Interest Payments.—Coupons due Feb. 1 1918 on First & Ref. Mtge. 5s and April 1 1918 on Rio Grande Western 1st Consol. Mtge. 4s (V. 106, p. 1461), were paid on May 24 1918. Coupons due June 1 1919 on the Improv. 5s delayed were paid July 1 1919; Equitable Trust Co., N. Y., had previously offered to purchase them on behalf of Western Pacific RR. Corp. V. 108, p. 2329. Subsequent interest payments have been made when due.

Reorganization Plan.

(For further details compare V. 114, p. 519.)

A plan or reorganization has been proposed by the Western Pacific RR. Corp. (the holding company), which has agreed to be bound by the provisions of the plan, and has been approved and adopted by the committee for the 1st & Refunding Mtge. 5s. Under the plan the holders of the 1st & Refg. 5s are to receive in exchange for their bonds 50% in 7% cum. Pref. stock and 50% in new Sinking Fund Mtge. 5% bonds. Three alternative are suggested for the Adjustment Mtge. bonds (see below).

The Western Pacific RR. Corp., which owns more than a majority of the $10,000,000 outstanding Adjustment Mtge. bonds of 1912, notifies all other holders of such bonds that it has reserved the right to offer to all holders of Adj. Mtge. bonds participation in the benefits of the plan, if carried into effect, and has agreed in that event to accept for itself, as the owner of a majority of the issue the same terms which shall be offered to other holders.

The holders of the outstanding 10-year 4% Secured Notes of the Western Pacific RR. Corp. (issued in exchange for Adj. Mtge. bonds V. 111, p. 1816) are notified that, in event the plan is carried into effect, the Western Pacific Corp. will afford the note holders severally the same privilege of exchanging their notes for securities to be issued pursuant to the plan as they would have been accorded had they continued to hold the Adjustment bonds for which their notes were exchanged.

The plan provides that the Refunding Mtge. and the Adjustment Mtge. shall be extinguished by foreclosure or otherwise. The Preferred and Common stockholders under the plan receive nothing and are therefore entirely wiped out.

The Refunding bonds and the Adjustment bonds will be extinguished by foreclosure or otherwise, and all of the property of the existing new company, the *Denver & Rio Grande Western RR.* (including property not encumbered by mortgage, estimated value $3,500,000) will be retained by it or vested in a new company to be formed for that purpose, in either case free from the lien of the two above mortgages, or substantially that result will be brought about by some method to be agreed upon by the Western Pacific Corp. and the committee. Pending the execution or abandonment of the plan, earnings of the company shall not be distributed or withdrawn by the Western Pacific Corp. through the medium of dividends or otherwise for its own benefit.

Funded Debt Which Remains Undisturbed in Hands of Public.

(None of this debt has been assumed by the new company.)

Refunding Bonds.—Holders of certificates of deposit for Refunding bonds, for each $1,000 thereof will receive (*a*) $500 5% Sinking Fund bonds, and (*b*) $500 7% Cumulative Preferred stock.

Adjustment Bonds.—"There may be made to holders of Adjustment bonds (including the Western Pacific Corp.) The Western Pacific Corp. has issued its 10-year 4% promissory notes in exchange for Adjustment bonds (V. 111, p. 1816), and upon or simultaneously with the exchange of the Refunding bonds under this plan will convert such Adjustment bonds into Sinking Fund bonds and|or Preferred stock of the new company as may be permitted to other holders of Adjustment bonds.

Dissenting Committees.

An independent committee, headed by James H. Perkins, Pres. Farmers' Loan & Trust Co., has been formed to represent holders of 1st & Ref. Mtge. 5% bonds and the Adjustment Mtge. 7s opposing the above plan.

The new Committee announced that it had arranged with the Farmers' Loan & Trust Co. to advance the amount of the Feb. 1 1922 int. coupon on the 1st & Ref. 5s to depositing bondholders who may indicate their desire to receive such advance at the time they turn in their holdings for deposit.

The committee consists of James H. Perkins (Chairman), R. Walter Leigh, J. H. McClement, John G. Lonsdale (St. Louis) and Willis D. Wood, with F. A. Dewey, Secretary, 22 William St., N. Y. City.

HISTORY.—See V. 106, p. 395.

NATIONALIZATION.—The Governor-General of Canada on Nov. 10 1919 signed a bill looking to the acquisition by the Government of the entire capital stock of the company, except the £12,500,000 4% Guaranteed stock. A board of three arbitrators (Sir Walter Cassils, Sir Thomas White and William Howard Taft) were appointed to determine what should be paid for the stock.

The arbitration proceedings came to an end on July 8 1921, and on Sept. 7 1921 the Board's decision was made public, the arbitrators issuing a majority opinion that the pref. and common stock is worthless. V. 113, p. 1155, 1471. Appeal filed, V. 113, p. 1674, 2185, 2720.

The Governor-General of Canada on May 11 1920 signed the amended bill for the purchase by the Dominion Government of the stock control of this company. The committee of management as announced May 21 includes: Chairman, Howard G. Kelley, Pres. Gr. Trunk Ry.; (*a*) representing Canadian Govt.: C. A. Hayes, at present V.-Pres. of Canadian National Rys., in charge of traffic, and S. J. Hungerford, Asst. to the V.-Pres. of the Canadian Nat. Rys.; (*b*) representing the Grand Trunk Ry. Co.: W. D. Robb, V.-Pres. of the Grand Trunk, in charge of transportation, &c.: Frank Scott, V.-Pres. & Treas. of Grand Trunk Ry.

The shareholders ratified the plan Feb. 19 1920. New guaranteed stock to the amount of their aggregated appraised value will be issued in exchange for these old stocks in proportions to be determined by the arbitrators, and dividends on such new stock at 4% per annum will be guaranteed by the Canadian Government; provided, however, that the Government shall not be obligated to pay in any year in excess of $5,000,000 as dividends on: (*a*) the present £12,500,000 4% guaranteed stock, and (*b*) the new 4% stock that will replace the present First, Second and Third Pref. shares. V. 109, p 1891. As to liabilities to be met by Canadian Govt., see V. 109, p. 1986.

The Government will also guarantee the dividends on the present 4% Guaranteed stock and the interest on the company's debenture stock issues, all these securities at the same time parting with their voting power. The present 4% guaranteed and also the new guaranteed stock will be made subject to call at par and dividends. Compare V. 112 .p. 1740.

A committee of management, consisting of five persons, is to be formed to insure the operation of the road as far as possible in harmony with the Canadian National lines, the two systems being treated in the public interest as nearly as possible as one system, pending completion of the aforesaid purchase of stock by the Government. The Government will also be authorized to lend to the committee of management such sums as may be necessary for the carrying on of the railway. Upon the transfer to the Government of the preference and common stock, the Government may provide for the discharge of the receivership of the Grand Trunk Pacific Ry. System. The shareholders on May 12 1921 ratified an agreement between the management and the Canadian Government providing for the transfer of the control of the railway to the Government during May. V. 112, p. 1519, 1740, 1977, 2083, 2190.

B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047.
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien par passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in onds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) have been called for redemption July 27 1922 at 103½ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and, in addition, by pledge of $36,332,000 Ref. M. bonds (subject to the temporary pledge of $24,200,000 thereof to secure advances from the U. S. Government) secured by the same mortgage under which the $35,668,000 Great Northern Ref. M. 4¼% bonds, due 1961, now outstanding in the hands of the public, were issued in 1911 and subsequently. They will be additionally secured by such shares of stock of the C. B. & Q. RR. as are released by the trustee of the joint indenture as a result of the conversion of the Joint 6½% bonds into the Great Northern Gen. M. 7% bonds. Bonds are not subject to redemption before maturity.

As to offering of $30,000,000 gen. mtge. 5½% Series B gold bonds, due Jan. 1 1952, compare V. 114, p. 626.

Eastern Ry. of Minnesota.—Nor. Div. mtge. of 1898 limited to $9,700,000, are red. at 105 after April 1 1928. V. 66, p. 471; V. 88, p. 1002, 1253.

The pref. stock may be issued in one or more series and shall be entitled to receive non-cumulative divs. at rates not exceeding 7% per annum. Pref. stock shall have full voting rights. Pref. stock or any series thereof may, if the directors so determine at time of the issuance, be convertible into com. stock within such period and at such rate, taking the pref. stock at par and the com. stock at not less than par, as the directors shall determine at the time of the issue of such pref. stock. The directors may at the time of issuance provide that the pref. stock, or such series thereof, shall be subject to redemption as a whole at a premium which shall not exceed 15% and dividends. Subway Leases. New and Old. to Run 49 Years—Re-Capture.

The lease by the city to the company of the new subways is for 49 years from Jan. 1 1917, but if their completion should be delayed through no fault of the company, the beginning of the term will be correspondingly postponed (date now set Jan. 1 1919); subject, however, to the city's right of recapture after 10 years.

The leases of the original subways as modified expire contemporaneously with the lease of the new subways, but are not subject to termination by notice except as portions thereof may be taken over in substitution for the 7th Ave. branch or the Lexington Ave. branch of the new subways in order to complete a direct longitudinal line, either upon the East Side or upon the West Side of the city. As to the old contracts, Nos. 1 and 2, see this Section, issue of Feb. 1913 and V. 96, p. 1701.

The authorizations and licenses for the elevated railway extensions and additional tracks are for 85 years from the beginning of operation, and are respectively subject to the right of the city to purchase and take the property at any time after 10 years upon payment therefor.

Under the pooling agreement with the city which became effective Jan. 1 1919, all the receipts of the old and new lines of the Interborough system, with the exception of the old elevated lines, will be placed in a common pool, from which will be deducted taxes, maintenance, operating expenses, depreciation, the company's preferential and interest and sinking fund payments upon the city's and the company's investments in the new lines. After these charges are paid the amount of revenue remaining will be divided equally between the city and the company. V. 107, p. 501, 401.

Interest on the securities issued to construct and equip the new lines was a charge to construction until, and to the extent of, the completion and commencement of operation of the new lines. Under its contracts with the city the company was reported in Jan. 1919 to be entitled to take, on basis of convertible note issue of 1918, out of the revenues of the Interborough Rapid Transit system, an annual sum which, with $500,000 other corporate income, will provide $17,620,072, as compared with $13,101,255 required for interest and sinking fund on all bonds and notes outstanding in the hands of the public; but in Jan. 1919 not over $9,700,000 of the sum last named was expected to be a charge against the earnings of the year 1919, owing to the delay in putting the new lines in operation. See below and V. 108, p. 171, 268; V. 107, p. 1100

The amounts payable to the company out of the revenues of its subways (compound interest being allowable on any deficiency in any fiscal year) are to be paid before the city becomes entitled to the interest on its investment under its 1913 subway contract with the company. The amounts payable to the company out of the revenues of its elevated lines (compound interest being allowable on any deficiency in any fiscal year) are to be paid before the city shares any profit from the operation of the elevated lines.

When the profits from the operation of the *subway system* exceed the amount of the company's annual prior claim, and after all accumulated de

Readjustment Plan, Dated May 1 1922.

The plan of readjustment for the Manhattan Elevated and Interborough properties, outlined below, has been approved by the directors of both companies and by the committees representing the different security holders of both companies. The main purpose of the plan is to provide for the capital requirements and arrears of the Interborough system, estimated at about $30,000,000, and to readjust the Manhattan dividend rental. Under the plan the Interborough Consolidated Corp., which is the successor to the Interborough-Metropolitan Co. as the holding company controlling the Interborough Rapid Transit Co., will disappear with its $45,740,500 of preferred stock and its 932,626 no par shares of common stock and its $63,808,000 of Coll. Trust 4½% bonds. In place of these securities the $35,000,000 of Interborough Rapid Transit Co. stock will remain. V. 114, p. 2011.

Summary of the Main Features of the Plan.

Manhattan Rental.—The Manhattan rental is to be payable out of the earnings of the combined systems after the payment of interest charges and is to be at the following rates:

For the fiscal year beginning July 1 1922, 3%.
For the fiscal year beginning July 1 1923, 4%.
For the fiscal year beginning July 1 1924, and subsequent years, 5%.

These preferential payments are to be cumulative and must be made to the Manhattan stockholders if the earnings exist.

In case 4% dividends should be paid in any year upon Interborough stock, any further distribution of dividends for that year is to be divided upon a prescribed basis between the Interborough stock and the Manhattan stock until the total dividends upon the Manhattan stock for that year have reached 7%.

Interborough Dividends Limited to 7%.—No divs. shall be paid upon the capital stock of the Interborough Co. (*a*) before July 1 1926, nor (*b*) out of income accruing prior to that date, nor (*c*) unless and until the foregoing Manhattan cumulative div. rental and all taxes upon the Manhattan property and all div. rentals accruing to and incl. July 1 1922 shall have been paid in full. The divs. to be paid upon the stock of the Interborough Co. in any year prior to July 1 1950 shall not exceed 7%.

After July 1 1950 no div. shall be paid in excess of 7% per ann., and no other distribution of corporate assets shall be made if such payments reduce the aggregate net value of the assets of the Interborough Co. below $35,000,000 unless such div. or distribution shall have received the consent of the Manhattan directors.

Existing Current Obligations and Arrears to be Paid.—Provision is to be made for the payment of all existing current obligations, including the arrears of rentals at the present rate and taxes under the Manhattan lease down to July 1 1922, the beginning of the next fiscal year.

Pending the consummation of the plan no dividends are to be paid upon Manhattan stock, but accruing Manhattan bond interest is to be paid and payment of $2,500,000 to be made to the City of New York on account of taxes now in arrears on the Manhattan property.

Maintenance and Improvement of Manhattan Property.—Provision is to be made to insure the application of a proper amount to the maintenance and improvement of the Manhattan property, including the installation of turnstiles at stations and pneumatic control doors for cars.

Sinking Fund of Interborough Bonds Waived 5 Years.—The interest payments on the Interborough 5% first mortgage bonds and on the secured notes is to continue uninterrupted, but in order to increase the amounts available for the improvement of the Interborough properties and other capital purposes, the sinking fund in respect of the Interborough 5% mortgage bonds is to be waived for a five-year period.

Interborough Notes Extended 10 Years.—90% of the $38,144,000 Interborough secured notes, maturing Sept. 1 1922, are to be extended for a period of ten years, the remaining 10% to be paid in cash within 60 days after the plan is declared operative.

New 10-Year 6% Notes (Authorized, $15,000,000; To Be Issued, $10,500,000.)

To provide for capital expenditures the Interborough company will create its 10-Year 6% Gold notes to the authorized amount of $15,000,000, of which it is intended presently to issue $10,500,000. Until the payment of these notes the Interborough company will not sell or issue any 1st & Ref. Mtge. bonds, except upon the conversion of its Secured Conv. Gold notes (or renewals or extensions thereof) or for the purpose of paying the principal of these 10-Year 6% Gold notes.

Participation in Plan by Holders of Interborough-Metropolitan 4½% Bonds.

Holders of Interborough-Metropolitan Co. Coll. Trust 4½% Gold bonds may participate in the plan:

(1) By purchasing, at their principal amount and accrued interest, new Interborough 10-Year 6% Gold notes to an amount equal to 16% of the principal amount of their bonds, or at their option,

(2) By surrendering 60% of their bonds for delivery to an underwriting syndicate to be organized to purchase such of the new $10,500,000 notes as are not taken by the holders of Interborough-Metropolitan 4½% bonds or Interborough Rapid Transit Co. stock or by holders of preferred and common stock of Interborough Consolidated Corp.

The stock of the Interborough company pledged to secure the Interborough-Metropolitan 4½% bonds will, when reduced to possession upon the enforcement of the trust agreement securing them, be distributed among the bondholders participating in the plan in accordance with their respective interests.

The Interborough-Metropolitan 4½% bondholders' committee will offer to the holders of first the preferred and then the common stock of Interborough Consolidated Corp. the opportunity of purchasing such of the Interborough company's new 10-Year 6% Gold notes as shall not be taken by the holders of Interborough-Metropolitan 4½% bonds and of Interborough stock, together with the Interborough-Metropolitan 4½% bonds and Interborough stock surrendered by the holders thereof.

Participation in Plan by Holders of Interborough Rapid Transit Co. Stock.

Holders of Interborough Rapid Transit Co. stock (of which $1,087,500 is in the hands of the public) shall be entitled to participate in the plan by purchasing at their principal amount and accrued interest new Interborough 10-Year 6% Gold notes to the extent of 32% of the par value of their stock or at their option by surrendering 60% of their stock for delivery to the above mentioned underwriting syndicate.

For further details of plan, compare V. 114, p. 2011, 2240.

The New York City Transit Commission on Sept. 29 1921 made public a plan for the readjustment and merger of street railways and rapid transit lines of Greater New York with eventual city ownership. Compare V. 113, p. 1431; V. 114, p. 301.

VALUATION.—V. 114, p. 1765.

CONTROL.—In Dec. 1907 $33,912,800 of the $35,000,000 stock had been exchanged for 200% in 4½% collateral trust bonds of the Interborough Metropolitan Co. (which see above), secured by the stock exchanged.

BONDS.—The "First and Refunding Mortgage" of 1913 is limited to $300,000,000, of which $170,000,000 was underwritten early in 1913, in April 1922 $162,106,000 was outstanding and a further $59,602,000 had been pledged to secure the Three-Year Secured Convertible 7% notes due in 1921. V. 107, p. 1100. See full data, V. 94, p. 1507, 1565; V. 96, p. 1228; V. 97, p. 450, 1024; V. 98, p. 304, 611, 1157; V. 99, p. 119, V. 100, p. 2080, 1701; V. 104, p. 764. The new bonds became Nov. 1 1913 a first lien on all leasehold and other rights of the company in (*a*) the existing subways and elevated lines (including power houses, sub-stations, equipment, real estate, &c., owned directly by the Interborough Co. subject to the city's rights under the lease) and (*b*) in the new subway and elevated line extensions and in the authorized additional tracks on the present elevated lines. Cumulative sinking fund of not less than 1% yearly of amount out began July 1918, and is to retire entire issue.

In case the city shall exercise its right of re-capture of any of the new lines, after 10 years from commencement of operation, the moneys so payable will retire all outst'g bonds issued for constructing and equipping same.

CONVERTIBLE NOTES.—Late in 1918 the company sold $39,400,000 Three-Year Secured Convertible 7% gold notes dated Sept. 1 1918, due Sept. 1 1921, but redeemable all or part at the option of company at 103% prior to Sept. 1 1919; then at 102% prior to Sept. 1 1920, and then at 101 prior to maturity, in each case plus interest. They are secured by pledge of $59,602,000 First & Ref. M. 5% bonds at a price of 64%. The notes are convertible at any time before maturity (provided notice of any election to convert after Aug. 1 1921 be given on or prior to that date), at option of holder into the First & Ref. bonds at 87½% with adjustment of interest. Sinking fund $615,870 annually. V. 107, p. 1000, 1284, 1747, 1837.

In Aug. 1921 the company asked the noteholders ($38,144,400 notes then outstanding) to consent to an extension of the notes for one year to Sept. 1 1922, the interest rate being increased from 7% to 8%. In Apr. 1922 over 98% of the notes had been thus extended.

GENERAL FINANCES.—The cost of the Interborough new subways, elevated extensions and third-tracking, &c., as originally estimated in 1913, was paid from the proceeds of First & Ref. bonds, of which $162,106,000 **are in the hands of the public. Largely as a consequence of the war, the cost of completing the Interborough new rapid transit system was approximately $37,640,000 more than the original estimates made in 1913.**

The proceeds of the note issue of 1918 was expected to complete the company's contribution to the cost of the Interborough new rapid transit system, while the city in Sept. 1918 had yet to provide about $40,000,000 to complete its contribution. V. 107, p. 1100, 1284.

The city administration declined in 1919 to consider an increase of fare (from 5 cts. to 8 cts.). V. 108, p. 78, 171. The company's application for increased fares was withdrawn in Mar. 1920. V. 110, p. 1188. The company stopped dividend payments early in 1919 and this precipitated a receivership for the holding company, the Interborough Consolidated Corporation, which see above.

The Jan. 1920 charges, aggregating $5,117,644, were met with the help of loans from allied interests in the form of $2,900,000 6-months 7% secured notes, due June 30 1920 (extended to Dec. 31 1920 and again to June 30 1921 and 45% ($1,305,000) further extended to June 30 1922. RR. owning line from Memphis, Tenn., to Birmingham, Ala., with branch, 290 miles, and of Kansas City & Memphis Ry. & Bridge Co., owning bridge across Mississippi River at Memphis, 3 miles. Total, 1,215 miles.

The K. C. Memphis & Birmingham was leased Dec. 17 1903 for 99 years from Jan. 1 1904, but terminable upon 6 months' notice from either party; rental is net earnings, after payment of interest on bonds, taxes, organization expenses and cost of additions and betterments. This superseded the old traffic contract. Kansas City Fort Scott & Memphis Ry. owns entire capital stock (V. 103, p. 2340.)

ORGANIZATION.—V. 72, p. 1237. See V. 72, p. 438, 532, 675, 988. The St.L. & San Fran. RR. owned the entire stock and leased the road, guaranteeing the bonds of 1901, prin. and int., and 4% on pref. stock trust certs.

The reorganization by which the St. Louis-San Francisco Ry. Co. was formed (V. 102, p. 896) left undisturbed the lease and outstanding bonds of this system. Provisions in the new Frisco mortgages allow that company to make improvements, extensions, &c., on the Kansas City Fort Scott & Memphis Railway system and buy equipment and deal with obligations of the system, and for these purposes to issue and renew bonds under any existing mortgage of this system, and to issue new bonds of this company, or of the new Frisco Company, secured on this system, or any part thereof, in priority to the existing lease of this system and to any lien of the new Frisco mortgages on this system, but the aggregate prior mtge. debt on this system must not at any time exceed $75,000,000.

STOCK.—Common, authorized, $45,000,000; outstanding, $16,660,000 all owned by St. Louis-San Francisco Ry. and pledged under its consolidated mtge.; pref. stock pledged under prior lien mtge., $8,164,900. The remainder of the $15,000,000 pref. shares (par $100) is deposited in escrow, and against it are outstanding trust certificates of the old St. L. & San F. RR., the latter having reserved the option to retire the certificates at any time at par, and obligating itself to pay off the whole issue in 20 years from date (Oct. 1901), and meanwhile to pay quar. 1% thereon (V. 72, p. 1238). In the Frisco reorganization in 1916 the holders of $9,687,300 of the trust certificates (original issue $15,000,000) surrendered the same in exchange for 75% in the Prior Lien Series A 4% bonds and 25% in the Cum. Adjust. 6% bonds of the new St. Louis-San Francisco Ry. (See V. 103, p. 897.)

BONDS.—Of the Refunding bonds of 1901 ($60,000,000), $25,941,000 were outstanding Dec. 31 1921, $26,324,270 were reserved for exchange against the face amount of underlying bonds and the remaining $7,734,730, as well as any bonds not used or required for refunding purposes, are reserved for issue for additional lines and extensions, at not exceeding $22,500 per mile thereof. As to guaranty, see "organization," above. V. 75, p. 853. See V. 87, p. 414; V. 91, p. 38, 154; V. 92, p. 1311; V. 93 p. 45; V. 94, p. 279.

The interest on all except $86,280 of the $5,681,780 Kan. City Memphis & Birm. income bonds is guaranteed by the Kan. City St. Scott & M. Ry. On May 20 1918 holders of these unguaranteed incomes received on account of coupon due Sept. 1 1916 1.198% and on coupon due Sept. 1 1917 5%. On Sept. 3 1921 coupons due Sept. 1 1918, 1919, 1920 and 1921 were paid V. 113, p. 1156; V. 106, p. 2229; V. 74, p. 477, 577; V. 103, p. 2340. As to K. C. Mem. Ry. & Bridge ,see V. 78, p. 1549; V. 99, p. 1597; V. 102, p. 800.

COAL PROPERTY.—Lehigh Valley RR. Co. on Dec. 31 1921 owned entire $9,465,000 stock of Lehigh Valley Coal Co. Coxe Bros., see "Bonds."

Pres. Loomis in Dec. 1920 was quoted as saying that the Lehigh Valley Coal Co. has coal reserves amounting to between 700,000,000 and 1,000,000,000 tons. V. 111, p. 2324; compare also V. 113, p. 1772. For annual report of Lehigh Valley Coal Co. see V. 113, p. 1767.

In Jan. 1912 the Lehigh Valley Coal Sales Co. was incorporated. See extra div. below and Lehigh Valley Coal Sales Co. under "Industrials." V. 94, p. 123; V. 92, p. 956; V. 95, p. 487, 478.

Anti-trust suit appealed by U. S. Govt. V. 105, p. 1898; V. 103, p. 1118 V. 102, p. 1346; V. 101, p. 2145; V. 102, p. 609, 1626, 1896.

The U. S. Supreme Court on Dec. 6 1920 handed down its decision in the suit brought by the Govt. against the Lehigh Valley RR. Co. holding that control of the coal properties is in violation of the Sherman Anti-Trust Act and, reversing the lower court, ordered the entry of a decree dissolving the combination and the redistribution of the stock, bonds and properties of the several coal subsidiaries so as to make each component part in fact independent and competitive.

The decision declares that the formation of the Lehigh Valley Coal Co. and the Lehigh Valley Sales Co. by the railroad company is "a mere device to evade the commodities clause of the Inter-State Commerce Act and therefore void." Compare V. 111, p. 2292; V. 112, p. 1866; V. 113, p. 960.

On Oct. 5 1921 the company filed with the U. S. District Court a plan for the segregation of its coal properties. The plan provides (1) that the Lehigh Valley Coal Co. issue $30,000,000 pref. stock as a dividend to the railroad company; (2) railroad stockholders to receive one share of coal co. common stock for each five shares held; (3) the gen. consol. mtge. lien to remain undisturbed; (4) Coxe Bros. & Co., Inc., stock to be sold at maturity of collateral trust bonds (Feb. 1 1926); (5) consolidation of Dela. Susq. & Schuylkill RR. For details, compare V. 113, p. 1574. Objections to plan filed by Govt., V. 113, p. 1674, 1983.

The company in Jan. 1921 caused the withdrawal of its representatives from the management of the Coal Co. V. 112, p. 372, 849.

Reorganization Plan Dated Nov. 1 1921 (V. 113, p. 2311, 2505).—Pres. Chas. E. Schaff was on Sept. 27 1915 appointed receiver for the company by the U. S. Circuit Court at St. Louis. The Reorganization Managers, J. & W. Seligman & Co. and Hallgarten & Co., New York, announced a Plan of Reorganization, dated Nov. 1 1921, an outline of which is given below (for details in full, see V. 113, p. 2311). The plan was declared operative in Jan. 1922, V. 114, p. 198.

New Railroad Co.—The reorganization is to embrace, except as stated below and except so far as the Reorganization Managers shall otherwise determine, the various properties now included in the Missouri Kansas & Texas System (or securities representative thereof). These are to be sold under the general creditors' bill or under foreclosure decree or otherwise dealt with and a successor company or companies will be organized or utilized wherever the Reorganization Managers in their discretion may determine.

The new company is to authorize the following securities:

Prior Lien Mortgage Bonds.—The prior lien mortgage bonds will be limited to the total authorized amount of $250,000,000 at any one time outstanding. They will bear interest, payable semi-annually, at such rate as may from time to time be determined by the directors at the time of issue and be stated in the bonds, and are to be secured by mortgage and deed of trust to Central Union Trust Co. of N. Y. and some individual as trustees, which is to embrace, except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property (including underlying bonds deposited under the plan and stocks and bonds of subsidiary companies) which may be vested in the new company pursuant to the plan and also all additional property of like character (including stocks and bonds of subsidiary companies) at any time thereafter acquired by the new company subject to existing liens or purchase money liens thereon. They may be issued in separate series maturing on the same or different dates and any series may be made redeemable in whole or in part at times, on notice and at premiums, and may have such conversion privileges as may be determined by the directors at the time of issue.

The prior lien mortgage bonds are to be applied for the following purposes and approximately in the following amounts:

In respect of existing securities dealt with under the plan and for settlement of secured claims:		
Series A 5%	$52,942,752	
Series B 4%	27,236,000	
		$80,178,752
To be offered to stockholders (Series C 6%)		12,894,570
To be issued or reserved for issue under such regulations and restrictions as the Reorganization Managers may in their discretion determine to refund, take up or provide for securities not dealt with under the plan, &c		156,926,678
		$250,000,000

Of the prior lien mortgage bonds there are to be presently issued and delivered under the plan, carrying interest from Jan. 1 1922: $52,942,752 series A 5% 40-year, redeemable at 105 and accrued int; $27,236,000 series B 4% 40-year, redeemable at par and accrued int.; $12,894,570 series C 6% 10-year, redeemable at 102½ and accrued int.

The Reorganization Managers may, in their discretion, procure the issue of additional prior lien mortgage bonds to the extent that additions and betterments made to the system during the Federal control period, which the receiver advises are in the neighborhood of $8,000,000, may be funded, or to the extent that other claims of the Director-General against the system may be settled by such issue, or to provide for further receivers' certificates which may hereafter be issued pending completion of the reorganization. Such additional bonds may be of any series authorized under the prior lien mortgage and in the event of such issue the amount of prior lien mortgage bonds reserved for future issue will be reduced by the like amount.

Cumulative Adjustment Mortgage Gold Bonds.—The adjustment mortgage bonds will be limited to the total authorized amount of $100,000,000 at any one time outstanding. They are to be secured by mortgage and deed of trust to Columbia Trust Co. and some individual as trustees, on the properties embraced in the prior lien mortgage and from time to time becoming subject thereto. The adjustment mortgage will be subject to the prior lien mortgage. Bonds are to bear interest payable annually or semi-annually at such rate not exceeding 7% per annum as may from time to time be determined by the directors at the time of issue, but required to be paid, prior to the maturity of the principal, only out of the net income of the new company as shall be defined in the adjustment mortgage. The interest will be cumulative from and after Jan. 1 1925, but accumulations of interest shall not bear interest. At the maturity of the principal, all arrears of cumulative interest shall be payable. The bonds may be issued in separate series, maturing on the same or different dates, and any series may be made redeemable in whole or in part at times, on notice and at premiums, as may be determined by the directors at the time of issue. The bonds of any series may be made convertible into preferred stock at such rate or rates, in such manner, under such regulations and during such periods as shall be authorized in the adjustment mortgage.

The adjustment mortgage bonds are to be applied as follows:

In respect of existing securities dealt with under the plan, for settlement of secured claims, or for other reorganization purposes		$51,973,756
To be offered to stockholders		5,526,244
To be issued or reserved for issue under such regulations and restrictions as the Reorganization Managers may determine, and as shall be set forth in the adjustment mortgage, to a principal amount equal to that part in respect of which prior lien mortgage bonds shall not be issued of the entire cost of new equipment, improvements, betterments and additions constructed or acquired by the new company or some subsidiary company, the cost of construction by the new company or some subsidiary company of new mileage or the cost of the acquisition by the new company or some sub. co. of other lines of railroad or stocks or bonds representative thereof		42,500,000
		$100,000,000

The adjustment mortgage bonds presently to be issued and delivered under the plan will be of series A 5% ranking for interest from Jan. 1 1922, maturing Jan. 1 1967, redeemable in whole or in part at par and accrued int. and convertible prior to Jan. 1 1932 into pref. stock series A 7%, at the rate of 10 shares for each $1,000 bonds with adjustment of int. and div.

Preferred Stock.—The preferred stock will be authorized to the amount of $200,000,000, divided into 2,000,000 shares of the par value of $100 each. The preferred stock may be issued in series. Each series shall carry dividends at such rate, not exceeding 8% per annum, as may be determined by the directors and any series may be made redeemable in whole or in part on such terms, on such notice and at such premium, if any, as may be determined by the directors and be stated in the certificates therefor. Dividends will be cumulative from and after Jan. 1 1928 or later issue. In the event of any liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of the preferred stock shall be entitled to be paid in full out of the assets of the company $100 per share of their stock and all arrears in cumulative dividends, before any amount shall be paid out of said assets to the holders of the common stock, but they shall not be entitled to any other or further distribution of assets. Provision is to be made that no additional mortgage is to be put on the property becoming vested in the new company pursuant to the plan except with the consent of the holders of a majority of such part of the preferred stock at the time outstanding.

The preferred stock is to be applied and reserved as follows:

In respect of existing securities dealt with under the plan, for settlement of secured debt or for other reorganization purposes	$24,500,000
To be issued or reserved for conversion of adjustment mortgage bonds and for future issue for corporate purposes	175,500,000
	$200,000,000

The preferred stock to be issued in the reorganization will be of series A, will carry dividends at the rate of 7% per annum, and will be made, if allowed by law, redeemable in whole or in part at $110 per share and all arrears in cumulative dividends thereon.

Common Stock.—The common stock will be authorized to an amount not exceeding 2,500,000 shares, without nominal or par value. The common stock is to be applied and reserved as follows:

NATIONAL RAILWAYS OF MEXICO.—On June 30 1914 this system, including the Interoceanic and Mexican Southern Rys. [1,047 miles controlled but operated separately], aggregated 8,027 miles of road (1,342 miles, 3-ft. gauge). During the revolution of the succeeding 3 years some miles of track and many bridges, engines, cars, &c., were destroyed. On Dec. 4 1914 the railway, telegraph and telephone lines of the Republic were seized by the Mexican authorities.

In April 1922 the Mexican Government was operating the bulk of the lines owned and leased by the National Railways of Mexico, Interoceanic Railway of Mexico and Mexican Southern Ry. under title of National Railways of Mexico. The use of the name "Constitutionalist Railways of Mexico," by which these Government-operated lines were previously designated, was dropped Jan. 1 1919. V. 108, p. 1816; V. 107, p. 2476.

The Vera Cruz & Isthmus RR., 340½ miles, and Pan American Railway, 285 miles, were in June 1917 segregated to facilitate the operation of the Mexican Railway, but are now being operated again as part of the system.

The Mexican Government in Jan. 1921 was reported to be making preliminary arrangements for a report on the physical condition of the properties and a possible settlement of some kind with the creditors with a view to returning the property to private management. See V. 112, p. 562.

(340 miles) was merged Nov. 1 1913 and its bonds assumed and the Pan-American RR. in March 1914. V. 97, p. 1740, 1823; V. 98, p. 1000.

The Mexican Government owns $115,056,367 of the $230,000,000 authorized stock, viz.: $10,000,000 first preferred, $30,278,300 second preferred and $74,778,067 common stock, and guarantees the principal and interest of the general mtge. bonds. V. 87, p. 1533.

All interest and other obligations maturing Oct. 1 1914 and subsequently, including the principal of notes due June 1 1915 ($27 476,000), &c., and int. were defaulted, and the plan to fund the July 1 to Sept. 30 1914 maturities has not been declared operative. V. 100, p. 2010.

(e) 4% Consolidation Mtge. bonds dated Aug. 1 1913 and due Feb. 1 1998, issuable in series A, B, C and D only to refund above collateral bonds and debentures, respectively. See below.

The Consolidation Mortgage (securing the collateral issues and other bonds in the order indicated above) covers by a lien ranking ahead of the Ref. & Impt. Mtg (q.v. below), the lines owned in 1913 (incl. those then brought in by consolidation or merger), 75% (3,750 shares) of the stock of Hudson River Bridge Co. at Albany and the leases of Troy & Greenbush, New York & Harlem, West Shore and Beech Creek railroads. On the main line between New York and Buffalo there is no lien ahead of it except the $100,000,000 1st M. of 1897; and on the railroads consolidated or merged in 1913, such as the Rome Watertown & Ogdensburg, Mohawk & Malone, &c.; there are no prior liens except the old underlying mortgages thereof and the N. Y. Central's $100,000,000 1st M. V. 102, p. 800, 1541.

Refunding & Impt. Mtge. for New Capital and Debt Unification.

The purpose of the Refunding and Impt. Mtge. was to provide for future financing of the N. Y. Cent. & Hud. River and the consolidated company, and for the unification of the debt. The bonds are issuable in series, all due Oct. 1 2013, but bearing date of April 1 or Oct. 1 next preceding the date on which the series is authorized, and carrying interest at such rates, subject to call at such dates, and prices, and with such provisions as to conversion, &c., as shall be fixed for successive series. V. 96, p. 1424.

The amount of bonds which may be issued under the Ref. and Imp. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

After $500,000,000 of the bonds shall have been issued, not more than 80% of the cost of improvements, additions or new property can be paid for from the proceeds of bonds. Not more than one-third of the amount of bonds can be used in the acquisition of bonds or stocks of other companies. After $500,000,000 of bonds shall have been issued, no additional bonds can be issued without the vote of stockholders. Each issue of bonds must receive approval of RR commissions and P. S. Commissions. V. 98, p. 387, 611, 690, 1245, 1393; V. 99, p. 1052, 1131, 1367; V. 100, p. 1079; V. 104, p. 1387; V. 106, p. 2757.

The Ref. & Impt. M. is (1) a lien next to the lien of the Consolidation Mtge. (see above) on the properties, &c., covered by the Consolidation Mortgage. (2) A first lien on the *leases* of the Beech Creek Extension, New Jersey Junction and Wallkill Valley railroads, subject to the outstanding bonds of each. (3) A first collateral lien on $500,000 2d Mtge. bonds of Beech Creek RR. and $3,964,000 Consol Mtge. 4s of the Beech Creek Extension RR. companies. (4) A first collateral lien on—

The Refunding & Impt. Mtge. is also a lien upon the properties described in the supplemental indenture (dated June 15 1915), assuming, as authorized by the shareholders, the obligations of the Ref. & Impt. Mtge. and extending the lien thereof over the former Lake Shore & Mich. So. Ry., Chicago Ind. & So. RR., Geneva Corning & So. RR., Dunkirk Alleg. Val. & Pitts. RR. and all of the other properties included in the consolidation of 1914, and also over the former Cleveland Short Line Ry. Jamestown Franklin & Clearfield RR., Sturgis Goshen & St. Louis Ry. and Elkhart & Western RR., acquired by conveyances in 1915 (see "Organization" above). The lien created by this supplemental mortgage is subject, as to parts of the mortgaged properties, to the respective prior liens of the several underlying mortgages thereon shown in table above. In 1914 $40,000,000 Series A 4½% bonds, issued under this mortgage, were sold (V. 98, p. 1245). In addition, $25,000,000 Series B 6% bonds are pledged as part security for the New York Central RR. 10-Year 7% Coll. Trust Gold notes (V. 111, p. 792), and $5,494,000 Series B 6% bonds are pledged as part collateral to secure a loan of $24,785,000 by the U. S. Treasury, of which $10,925,000 matures in 1930 and $13,860,000 is due serially to 1935. None of the Series B bonds are outstanding in hands of public. In April 1922 $60,000,000 Series C 5% bonds were sold. V. 114, p. 1534.

The note was reduced by payment on account from $43,964,000 to $43,026,500. A new note in this latter amount, dated Nov. 1 1920 and payable Oct. 31 1930, was given to the Director-General to replace the note for $43,964,000, dated April 15 1918 and reduced by payments to $43,026,500, and $50,620,000 of 1st & Ref. M. bonds were deposited with the U. S. as collateral security therefor. A note in the amount of $17,000,000 dated Nov. 1 1920 and due Oct. 31 1930 with interest at 6%, was given to the U. S. to refund indebtedness of the company incurred during the period of Federal control, and 1st & Ref. M. bonds in the amount of $20,000,000 were deposited as collateral security therefor. The company also issued its notes, payable in 15 years from date to the U. M. bonds to the amount of $9,565,000 as collateral security.

Further loan under the Revolving Fund of $8,000,000 was certified by the Inter-State Commerce Commission on Aug. 29 1921. Two ten-year notes in the respective amounts of $3,000,000 (dated Sept. 15 1921) and $5,000,000 (dated Oct. 15 1921) were given to U. S. in return therefor. 1st & Ref. M. bonds of Series "B" in the amount of $4,775,000 were pledged as collateral security for the $3,000,000 note, while certain stocks and bonds of other carriers were deposited with the U. S. as security for the $5,000,000 note.

BONDS.—The company has executed and delivered to the Bankers Trust Co., trustee, its 1st & Ref. M. dated Dec. 9 1920. This is an open mortgage under which all pre-existing obligations are equally secured with the $95,000,000 bonds authorized to be issued to the U. S. Government.

The aggregate principal amount of bonds which at any time may be issued and outstanding is limited to an amount which, together with all other then outstanding bonds, notes and other evidences of indebtedness, shall not exceed twice the amount of the then outstanding stock (now $157,117,900), plus premiums paid in thereon (to date $19,282,887 50), which at the present time would limit the amount to $352,801,575.

A total of not more than $95,000,000 of new bonds is authorized, to be presently issued, of which not exceeding $80,000,000 Series A 6s, dated Nov. 1 1920 and due Oct. 31 1930, are authorized to refund co.'s indebtedness to U. COAL PROPERTIES—"OTHER INCOME."—In 1899-1900 coal properties having then a maximum output capacity of 2,700,000 tons annually, were brought under friendly control with aid of loans from the Railway Co. and are now owned by the Scranton Coal Co. and the Elk Hill Coal & Iron Co., the Railway Co. owning the stock of both companies. The $6,000,000 5% 1st mtge. notes issued by the railway to enable these coal companies to acquire the aforesaid properties were all paid off on or before Dec. 1915, and on Dec. 31 1917 the railway held as first liens on said properties former 2d mtges. for $1,153,000 and $2,400,000, respectively. Unpaid interest due the railway in these mortgages aggregated $837,500 to June 30 1912, and continued to accumulate without payment of the amounts accruing until 1917, when the railway received $637,500 on account of same, permitting it to pay said 2% dividends on its stock Jan. 14 1918. Similar receipts quite independent of the operation of the road by the Government are expected in the future. See V. 106, p. 1677.

BONDS.—The Refunding and Improvement Mortgage of 1914 covers 6,522 miles of road, on 1,011 of which it is a first lien. It is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding capital stock, now amounting to $248,000,000. When the amount of bonds issued thereunder (bearing interest at rates to be fixed) reaches $500,000,000, further issues must be limited to 80% of the cost of new property placed under the mtge. Bonds of any series may be made redeemable before maturity or convertible at the election of the holders into capital stock on terms and dates to be fixed. Of the bonds, $421,492,500 are reserved to retire, $ for $, prior bonds at or before maturity.

In 1914 $20,000,000 Series A 4½s were sold, callable as a whole at 110 and interest on and after July 1 1919. V. 99, p. 120, 271; V. 105, p. 2366. Series B 6% bonds are to be issued in conversion of the joint C. B. & Q. collateral 6½% bonds, due 1936, and the mortgage will also cover such shares of stock of the C. B. & Q. as are released as a result of such conversion. The Series B 6% bonds may be redeemed on and after July 1 1936 at 110 and interest. The I.-S. C. Commission in May 1922 authorized the issuance of $115,534,000 5% ref. & imp. mtge. bonds, the proceeds to be used to redeem the Nor. Pac.-Gt. Nor. joint 6½% conv. gold bonds, the entire outstanding amount of which has been called for payment July 27 1922. V. 114, p. 2116.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat' Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral), due July 1 1936, at 96½ and interest. The C. B. & Q. collateral joint 4% bonds, due July 1 1921, with final coupon attached, were accepted in payment at 100 and interest to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy R R.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bonds, Ser B., due 2047.
$33,000,000 Great Northern Ry. Gen. M. 7% bonds, Series A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and interest.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. Cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. Mtge. and to the Great Northern Gen. Mtge., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible, par for par, into Northern Pacific Ref. & Impt. Mtge. 6% bonds, Series B, due 2047, or into Great Northern Gen. Mtge. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Impt. Mtge. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. Mtge. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock, and will deposit such stock with the trustee of the Northern Pacific Ref. & Impt. Mtge., or the trustee of the Great Northern Gen. Mtge., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and themortgage bonds issued in exchange. Compare V. 112, p. 1866.

All of the outstanding Nor. Pac.-Gt. North. joint 15-yr. 6½% convert. gold bonds have been called for payment on July 27 1922 at 103½ and int. at the office of J. P. Morgan & Co., N. Y. Payment will be made out of the proceeds of sale of $115,534,000 5% refund. & impt. mtge. bonds authorized by the I.-S. C. Commission in May 1922. V. 114, p. 2116.

PARIS-ORLEANS RR. CO.—Organized in 1838 to operate a railroad line between Paris and Orleans. As a result of subsequent mergers, purchases of other companies and construction, now owns and operates the second largest system in France.

Mileage.—System covers about 7,800 kilometers, or 4,848 miles. The lines serve (*a*) the central part of France, providing a direct route between Paris and the important seaports of Bordeaux, Nantes and St. Nazaire and forming part of the through lines between Paris and Southern France and Spain; (*b*) rich agricultural districts; (*c*) the industrial centres of Montlucon (iron), Albi (coal) and Limoges (porcelain); (*d*) through the western extension the south coast of Brittany; (*e*) the Valley of the Loire and the Aubergne Mountains, carrying a very heavy and profitable tourists' traffic.

Government Guaranty.—A law enacted on Nov. 20 1883 provides that the French Government shall advance each year any amount necessary in addition to the net income to cover the interest on and amortization of the bonded debt and to make an annual distribution on the capital stock of frs. 56 per share of frs. 500. Any amounts so advanced are to be repaid with int. at 4% p. a. out of any future surplus remaining after paying the div. on the stock. This agreement continues in effect until Dec. 31 1956 (the end of the concession of the company) and contains similar provisions to protect the bondholders and stockholders in case the Government should take over the company's property prior to that date.

Capital Stock.—Frs. 300,000,000, divided into 600,000 shares of frs. 500 each, of which 214,859 shares have been retired at par. These shares have been replaced by beneficiary shares. The stock is listed on the Paris Bourse.

Bonded Debt.—On Dec. 31 1920 the bonded debt was as follows (in francs):

4% bonds of 1848-----	8,536,250	2½% bonds of 1895---	294,250,000
3% bonds old issue----1,306,438,000		4% bonds of 1913-----	449,373,500
3% bonds Gr. Central-	106,548,500	5% bonds of 1919-----	28,172,000
3% bonds of 1884-----1,529,154,000		6% bonds of 1920-----	7,893,000

In Feb. 1921 A. Iselin & Co., Halsey, Stuart & Co., Inc., and Hemphill, Noyes & Co., New York, offered frs. 50,000,000 6% bonds (Foreign Series), redeemable at par, by semi-annual drawings, not later than 1956. Interest from Dec. 1 1920, payable J. & D. at office of A. Iselin & Co., 36 Wall St., N. Y. City, without deduction for any French taxes, present or future, if held by non-residents of France. Denom. fr. 1,000.

Tax Exemption.—Under a recent French law these bonds are payable, principal and interest, without any deduction of French taxes, present or future, provided they are held by a non-resident of France.

Convertibility.—The company agrees to exchange any bond of this issue at its Paris office at any time prior to the drawing of such bond for redemption without expense for an equal face amount of 6% bonds (French series). These French Series bonds are listed on the Paris Stock Exchange, but holders thereof are subject to French taxes.

Redemption.—The concessions of the French railroad companies stipulate that at the expiration of their concessions, their property, except rolling stock and certain other working assets, shall revert to the Government free of charge. The companies have, therefore, with the approval of the French Government, adopted a plan of amortization which provides for the total redemption of their' unded debt, and for the repayment of their capital stock by the time of the termination of their concessions.

The amortization plan provides for semi-annual drawings at par of a gradually increasing number of bonds, sufficient to retire the entire issue by Dec. 1 1956. Drawings under this amortization plan are made annually and the bonds drawn will be payable on Dec. 1 each year, beginning Dec. 1 1921. See V. 112, p. 563.—(V. 114, p. 2116.)

ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below. and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR., and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105. p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system will be divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions to be at Philadelphia, Pittsburgh, Chicago and St. Louis, to be known as the Eastern, Central, Northwestern and Southwestern regions. V. 110, p. 658.

In May 1920 announced that the West Jersey & Seashore RR. and the N. Y. Phila. & Norfolk RR. will hereafter be designated as the Atlantic Division and the Norfolk Division, respectively. See V. 110, p. 2193.

Working agreement with men, V. 112, p. 162.

In March 1916 incorporated the Penn.-Detroit RR. with $5,000,000 stock to build a 52-mile road from Ohio-Michigan line northward to Detroit. V. 104, p. 1146; V. 106, p. 1031; V. 107, p. 291.

In April 1918 took title to the Susquehanna Bloomsburg & Berwick RR., a 42-mile line Watsontown to Berwick, Pa., &c., with $700,000 First Mtge. gold 5% bonds outstanding. V. 106, p. 2011.

On Jan. 1 1921 leased for 999 years the Grand Rapids & Indiana Ry. and the Pitts. Cin. Chic. & St. Louis RR. V. 111 p 1753, 1950.

The stockholders on Mar. 4 1921 approved the leases of 16 railroad properties constituting portions of the system and controlled through stock ownership. Compare V. 112, p. 162; V. 114, p. 1526.

The company in 1921 was authorized by the I.-S. C. Commission to lease in perpetuity the property of the New York Philadelphia & Norfolk RR., beginning July 1 1921. V. 113, p. 731. Has also been authorized to purchase from the Pennsylvania Co. the stock of the Pitts., Ft. Wayne & Chic. Ry. V. 112, p. 2191.

SECURITIES OWNED.—Total book value of these on Dec. 31 1921 was $522,564,732, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1921, $17,761,656. The securities include $7,753,800 Sou. Pac. Co. stock, $38,757,700 (common) stock of the Norfolk & Western, and $5,312,500 stock of N. Y. N. H. & H. RR. Co.; also $13,725,600 Liberty Loan 4¼s.

With a view to complete stock control of the Pittsburgh Cincinnati Chicago & St. Louis RR., the directors of the Penn. RR. Co. and of the Penn. Co. on Mar. 10 1920 offered to purchase the minority stock of the Panhandle Co. and to pay for the same, par for par, in new 50-year mtge. bonds of the latter co. when issued to the Penn. Co., bearing int. at the rate of 5% p. a., prin. & int. to be guaranteed by the Penn. RR. V. 110, p. 1188. See also Pitts. Cin. Chic. & St. L. RR. below.

The Pennsylvania Co. also offered to acquire the minority shares of the Grand Rapids & Indiana Ry., by exchanging therefor, par for par, 2d mtge. 4% bonds of the latter company, held in its treasury.

ORGANIZATION.—This railroad company completed its organization on Jan. 1 1917 with $100,000,000 of auth. capital stock, per plan in V. 103, p. 666, 844, 2429, as a consolidation of the following cos belonging to the Pennsylvania RR. system: Pitts. Cinc. Chic. & St. L. Ry., Vandalia RR., Pitts Wheel. & Ky., Anderson Belt Ry. and Chic. Ind. & East. Ry.

The stockholders on Dec. 29 1920 approved the lease of the road and property to the Pennsylvania RR. for 999 years upon the general basis of paying a rental sufficient to cover the fixed charges and a dividend at the rate of 4% per annum upon the stock for five years and thereafter at the rate of 5%. V. 111, p. 1950; V. 112, p. 63.

STOCK.—Total stock outstanding Dec. 31 1921, $84,713,125 (of which Pennsylvania Company owned $82,735,547 and Penn. RR. $450,000), not including $146,959 for conversion of outstanding securities of constituent cos. In Mar. 1920 the Pennsylvania RR. and Pennsylvania Co. offered to acquire the minority holdings. See under "Bonds" below.

BONDS.—The *Consolidated Mortgage* for $75,000,000, made in 1890 by the Pitts. Cin. Chic. & St. Louis *Railway* Co. reserves sufficient bonds for the purpose of retiring all sectional bonds at maturity, at which time they must be paid off. The remainder are issuable for improvements, additions, &c. They are guar. unconditionally as to prin. & int. by the Penn. Co. The ten series are all equally secured. See adv. in "Chronicle" May 21 1892 and guaranty on bonds. V. 96, p. 488; V. 97, p. 365, 596; V. 90, p. 303, 1555; V. 91, p. 337; V. 92, p. 1243; V. 98, p. 1461; V. 99, p. 199; V. 100 p. 475; V. 103, p. 2342. Equipment trusts Dec. 31 1921, $12,381,772.

To retire the $1,899,000 old bonds of Terre Haute & Ind. (old Vandalia RR.) an equal amount of consols of 1905 was reserved. See V. 80, p. 1243, 1236; V. 82, p. 162, 630; V. 86, p. 1531; V. 90, p. 850, 915, 1426.

The stockholders on May 27 1920 authorized an issue of Gen. Mtge bonds, $20,000,000 of which were issued to reimburse the Pennsylvania Co for advances made to cover the impt. & exten. of the "Panhandle" property.

The $20,000,000 of "Panhandle" bonds so turned over to the Pennsylvania Co. will be used in the acquisition of the minority stock of the "Panhandle" company under the terms of offer made to the minority stockholders on March 15 by the Pennsylvania Co., which provided for an exchange of stock for bonds, par for par (see Pennsylvania RR. above). The bonds will be secured by a new general mortgage on the "Panhandle" property, which constitutes that portion of the Pennsylvania system extending with its main line and branches between Pittsburgh and St. Louis. The general mortgage will also provide for the refunding of the existing loans on this property as they mature. Guaranteed principal and interest by Pennsylvania RR. See V. 110, p. 1188, 1089; V. 111, p. 1950.

1 Excludes $783,000 in treasury Reading Co Dec 31 1920

From the company's docks at the extensive terminal at Port Richmond it operates a line of steamers and barges in coastwise coal traffic and provides berths, with elevators, grain-drier and accommodations for several trans-Atlantic steamship lines, new ore-unloader and concrete dock capacity 600 tons per hour.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1109. See V. 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading *Ry.* and the $8,000,000 stock of the Coal & Iron Co The right to mine coal, given by charter, is protected by State Const. of 1873 V. 82, p 393.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of selling price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103, p. 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V. 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

The company submitted a dissolution plan, summarized as follows:

Dissolution Plan (as Modified May 12 1921).

1. The Reading Co. will assume the $96,524,000 Gen. Mtge. 4% bonds, which are a joint obligation of the Reading Co. and the Phila. & Reading Coal & Iron Co.

2. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value and $25,000,000 in 4% mortgage bonds of the Coal Co. to mature Jan. 1 1997.

3. Except as otherwise provided, general release of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged.

4 (as modified). The Reading Co. will agree with the Coal Company that at or before the maturity of the Gen. Mtge. bonds, it will obtain the release of the Coal Company's property from the lien of the Gen. Mtge. and the discharge of the Coal Company from liability on the Gen. Mtge. bonds.

5 (as modified). If the Court so orders, the Reading Co. will, subject to the lien of the Gen. Mtge., sell, assign and transfer all its right, title and interest in and to the stock of the Coal Company, including the present right to vote and receive dividends thereon, to a new corporation to be formed with appropriate powers, and will agree to save the new corporation and said stock harmless from the lien of the Gen. Mtge., and will agree to obtain at or before the maturity of the Gen. Mtge. the release of the stock of the Coal Company from the lien of the Gen. Mtge. and the assignment, transfer and delivery of said stock to the new corporation—all inconsideration of the payment by the new corporation to the Reading Co. of the sum of $5,600,000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided.

The new corporation will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the new corporation to the stockholders of the Reading Co., Pref. and Com., share and share alike, for $5,600,000, or $2 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Court, to the end that the new corporation shall receive the full purchase price of $5,600,000. It is proposed to carry out this sale in accordance with the precedent established by the Union Pacific Southern Pacific case, by issuing to Reading stockholders, with or without the intervention of a trustee, as may be provided for in the final decree of the Court, assignable certificates of interest in the stock of the new corporation exchangeable for such stock only when accompanied by an affidavit that the holder is not the owner of any stock of the Reading Co.

[There are outstanding 1,400,000 shares of Reading Co. Common, 560,000 shares of 1st Pref. and 840,000 shares of 2d Pref.; total, 2,800,000 shares; par $50. The "$2 for each share of Reading" stock is equivalent therefore to saying one share of the 1,400,000 shares of Coal Co. stock at $4 per share, with respect to each two shares of Reading Co. stock held.—Ed.]

Any further steps deemed necessary by the Court will be taken to the end that an independent board and management will be maintained for the Coal Co., so that the independence of this company need not await the necessarily gradual process of the distribution of the stock of the Coal Co. among persons not holders of stock in the Reading Co.

6. The Reading Co. will merge the Philadelphia & Reading Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the railway property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

The Reading Co. will accept the Pennsylvania Constitution of 1874 and it will proceed under the Act of 1856 to surrender those of its powers which are inappropriate for a railroad corporation of Pennsylvania. Thus the Reading Co. will be in all respects subject to the regulations of State and Federal authorities as a common carrier and its relations as a specially chartered holding company to the railway company will be terminated.

7. Paragraph 7 of the original plan, which proposed the executing of a new Ref. & Impt. Mtge. by the Reading Co., was eliminated in the modified plan.

8. The Court will be asked to defer the actual sale of the stock held by the Reading Company in the Central RR. of New Jersey pending the grouping of railroads by the Inter-State Commerce Commission under the Transportation Act, but subject to the further order of the Court. Compare V. 112, p. 745.

Litigation over Plan.

The U. S. District Court in an opinion filed May 21 1921 approved the modified plan. Subsequently on June 6 1921, a decree was entered in conformity therewith.

From this decree an appeal has been taken to the U. S. Supreme Court by two Common stockholders, the Continental Insurance Co. and the Fidelity-Phenix Fire Insurance Co. of New York, and by the so-called Prosser Committee, representing a large number of Common stockholders, the common stockholders contending that the company's $33,000,000 surplus belongs to the common stock alone and opposing the equal distribution to common and preferred shareholders. Compare V. 112, p. 850, 933, 1025, 1144, 1283, 1400, 1519, 1618, 2538; V. 113, 418, 534, 629, 1773.

On Oct. 14 1921 Attorney-General Daugherty announced that the Dept. of Justice had consented to a postponement of the dissolution, owing to the uncertainties attending the appeal taken to the U. S. Supreme Court by the common stockholders' committee. V. 113, p. 1675, 2722; V. 112, p. 2306, 2,538,2643.

The U. S. Supreme Court Feb. 27 1922 ordered the segregation case restored to the docket for reargument on Apr. 10 1922. V. 114, p. 948, 1288, 1652.

VIRGINIAN RAILWAY.—(*See map.*)—The main line of the road extends from Deepwater, on the Kanawha River, in West Va., to Sewell's Point on Hampton Roads, near Norfolk, Va., a distance of 441 miles. Winding Gulf branch, Mullins, W. Va., to Leckie, 33 miles; other lines owned and leased, 52 m.; total, 526 m.

Road taps the Pocahontas and New River coal fields, and forms "the shortest possible route to tidewater over the lowest grades." From Princeton, the main coal-gathering yard, 350 miles west of Sewell's Point, the eastbound grade does not exceed 0.2 of 1%, or 10½ ft. per mile, except for a 4-mile section over the Allegheny Mountains, where the maximum grade is 0.6 of 1%, or 32 ft. per mile; on this section a pusher is used. One locomotive will haul 80 loaded 50-ton coal cars, or 4,000 tons of coal per train.

This plan was to affect the status of the coal, &c., properties as follows:

(*a*) The acquisition by the new company of all the system's terminal properties at Baltimore, including grain elevator with storage capacity of 1,900,000 bushels, &c.

The new railway co., under the lease, was to receive as rental 6 cts. per ton on coal mined and was to transport all the coal. Davis C. & C. Co. was to operate 31 mines having an annual capacity of 2,500,000 tons.—V. 103, p. 1791.

WESTERN PACIFIC RR. CORPORATION.—A Delaware holding company owning all the stock of the Western Pacific RR. (of Cal.), which in turn owns the railroad running from San Francisco to Salt Lake City via Oakland, Stockton, Sacramento, Marysville and Oroville, Cal., a distance of 930 miles (including San Francisco Bay ferry, 3 miles); branch lines, 116 miles. Total mileage Dec. 31 1921, 1,046 miles. Crosses the mountains at maximum grade of 1%.

In October 1917 arrangements had been made to give financial assistance to the following companies in the construction of their projected lines which will serve as feeders for the Western Pacific, the latter receiving in return for the investment a considerable interest in their capital stock (1) Indian Valley RR., Paxton Junction to Taylorsville and Engles Copper Mine, Cal., 21 miles (2) Deep Creek RR., Wendover, Utah, southerly into Gold Hill and Ferber Mining District, 46 miles; (3) in 1917 purchased $1,137,968 of the capital stock of the Tidewater Southern Ry., an electric railway, now 56 miles in length, extending from Stockton to beyond Turlock (see "Electric Railway Section"). Tentative valuation, V. 113, p. 1055.

ORGANIZATION.—Both the holding company (The Western Pacific RR. Corp., incorp. in Delaware), and the operating company (The Western Pacific RR., Co incorp. in Calif.), were formed in June 1916 per reorganization plan of Western Pacific Ry. foreclosed. Possession taken July 13 1916. See plan, &c., V. 102, p. 155, 160, 2168, 2255; V. 103, p. 62, 240 408; V. 104, p. 165, 258, 560. V. 103, p. 2080.

In 1917 the Equitable Tr. Co. of N. Y., as mortgage trustee, brought suit against Denver & Rio Grande RR., as guarantor of the 1st M. bonds of the old (foreclosed) Western Pacific Ry. (the holding co. owning $47,437,500 of this $50,000,000 issue), and in Jan. 1918 obtained a judgment for $38,270,343. V. 106, p. 1797. The judgment was followed by a receivership for the D. & R. G. V. 106, p. 85, 192, 498; V. 107, p. 503. See Denver & Rio Grande RR.

In Sept. 1918, having realized to date about $7,771,395 on this judgment the Trustee made distribution of $150 per bond of old Western Pacific Ry. over 90% of these bonds being owned in the interest of the new Western Pacific RR. V. 107, p. 1102, 1187.

In June 1918 the equity in the $10,000,000 stock of Utah Fuel Co. owned by D. & R. G. (subject to collateral lien of $15,080,000 Rio Grande Western Ry. 1st Consol. 4s) was sold in partial satisfaction of above judgment and was bid in for the Western Pacific RR. Corp. for $4,000,000 V. 106, p. 2648, 2759.

On Aug. 16 1920 a further distribution at the rate of $40 on each $1,000 bond was made: in Dec. 1920, $32.50; in July 1921, $100; in Aug. 1921, $40, in April 1922, $25. V. 113, p. 732; V. 114, p. 1654.

The Denver & Rio Grande property was sold at public auction on Nov. 20 1920 for $5,000,000 to John F. Bowie of New York, representative of the Western Pacific RR. For litigation over sale, &c., see Denver & Rio Grande RR.

A Delaware charter was granted Nov. 15 1920 to the Denver & Rio Grande Western RR. with an authorized capital of $150,000,000, authorizing it to own and operate railroads and railways outside of Delaware. The company was formed for the purpose of taking over the Denver & Rio Grande RR. and the entire outstanding stock is owned by the Western Pacific RR. Corp. A plan of reorganization of the Denver & Rio Grande RR. was submitted in Feb. 1922.

In 1921 acquired over 91% of the stock and bonds of the Sacramento Northern RR. V. 112, p. 564, 934, 1868, 2424; V. 113, p. 2081; V. 114, p. 949.

In 1921 acquired over 91% of the stock and bonds of the Sacramento Northern RR. V. 112, p. 564, 934, 1868, 2424; V. 113, p. 2081.

STOCK.—The two new corporations have precisely similar capital stocks, common and pref., auth. and issued, the holding company owning all the outstanding shares of the operating company. The pref. is convertible by holders, $ for $, into common.

The stockholders on Nov. 18 1920 approved an increase in the capital stock from $75,000,000 to $100,000,000. Of the total capital $40,000,000 is to be Preferred (par $100) and $60,000,000 Common (par $100). Compare details in V. 111, p. 184[2].

DIVIDENDS.—In Feb. 1918 the directors of the holding corporation declared a dividend of 6% on the $27,500,000 outstanding 6% non-cumulative pref. stock, payable in installments of 1½% each on Feb. 20 1918 to holders of record Feb. 15, April 1 to holders of record Mar. 20, July 1 to holders of record June 20, and Oct. 1 to holders of record Sept. 20; in Jan. 1919, 1½%. May 15 1919 paid only 1%, at same time protesting against Federal treatment making the reduction in rate necessary. July 1 1919 to April 23 1920, 1% quar.; July 12 1920 to April 1 1922, 1½% quar.

BONDS OF OPERATING COMPANY.—Secured by a first mortgage on the existing railway properties and all property hereafter acquired. Trustees, First Federal Trust Co., San Fran., and Henry E. Cooper. Total auth. issue, $50,000,000. Sinking fund beginning in 1919, $50,000 annually. V. 104, p. 1593; V. 103, p. 2157, 2080.

The remaining 1st Mortgage bonds are reserved for future use, with int. rate not to exceed 6%, for or against betterments, add ns and extens., under safeguards, at not over $1,000 in bonds for $1,000 of money actually invested in additional physical property, subject to the new mortgage.

NOTES.—The company in Aug. 1920 offered to exchange its 4% 10-year Secured Notes for Denver & Rio Grande adjustment mtge. bonds. (Compare V. 111, p. 990). In Oct. 1921 it was announced that $5,175,000 out of a total of $10,000,000 adjustment bonds outstanding had been exchanged. V. 113, p. 1573.

injunction restraining the authorities from enforcing the 80-cent rate was handed down on June 29 1920. V. 111, p. 76. Federal Judge Learned Hand on Aug. 4 1920 and Judge Julius M. Mayer in April 1921 handed down decisions upholding in nearly all respects the recommendations of Special Master A. S. Gilbert in the case of the company to the effect that the 80-cent gas law was confiscatory. V. 111, p. 592; V. 112, p. 1620.

The company, acting on a decree signed on Feb. 28 1921, by Federal Judge Hand refuting the application of the State and city officials that the court fix a definiate rate for the continuation of the supply of gas after March 1, announced that the rate for gas would be increased from $1.20 to $1.50 per 1,000 cu. ft., effective March 1 1921. Beginning Aug. 1 1921 it was announced rates would be reduced to $1 25. V. 112, p. 2194.

The U. S. Supreme Court in a unanimous decision handed down March 6 1922 held that the 80-cent gas law of 1906 is confiscatory. The Supreme Court also rendered a similar decision in the case of the New York & Queens Gas Co. and the Kings County Lighting Co., holding in their case that the $1 rate of 1916 was also confiscatory.

The Court also ordered that all impounded funds be promptly released to the gas companies subject only to deductions of such costs as are clearly assessable to the prevailing party. The case was remanded back to the lower court for further proceedings in conformity with the decree. [The full text of the decision is given in V. 114, p. 1023.]

In future, according to the decision, the New York P. U. Commission shall fix rates that are not confiscatory and that are in conformity with the court's decision. V. 114, p. 1023, 1067.

Application was made in Dec. 1919 for authority to issue $25,000,000 additional stock to provide for the conversion of the new issue of 7% bonds.

On Dec. 29 1919 shareholders authorized an issue of $25,000,000 5-year secured convertible 7% bonds for the purpose of refunding the debentures maturing Feb. 1 1920. The company has been authorized to issue $15,000,000 10-year 7% debentures. V. 112, p. 1403.

a b c d Including amounts held by Corn Products Ref. Co. (Dec. 31 1921), viz.: a $2,651,000; b $190,000; c $412,800; d $1,847,500 (along with $2,676,000 held by National Starch Co itself.)

In June 1916 the U. S. District Court in N. Y. held the company to have violated the Sherman Anti-Trust Law, and on March 31 1919 a final decree was filed, to which the company assented, ordering the dissolution of the merger not later than Jan. 1 1921 (subsequently changed to Jan. 1 1922; V. 113, p. 1776). The company must dispose of its plants at Granite City, Ill.; Davenport, Iowa; its interest in the stock and other securities of the National Starch Co., with its plant at Oswego, N. Y., and the stock and securities of the Novelty Candy Co., which has plants at Chicago, Ill., and Jersey City, N. J., to a person or persons, including corporations, not controlled by or affiliated with the Corn Products Refining Co. and the company, or affiliated corporations, shall not have any officers or directors in common with such purchaser, nor shall any defendant be such purchaser. Only persons or corporations intending to continue the business shall be eligible as purchasers.

Accordingly in May 1919 the Novelty Candy plants were sold to the Continental Candy Co. (V. 109, p. 687). In Sept. 1919 also the Granite City plant was sold for $4,500,000 to the Best-Clymer Mfg. Co. of St. Louis and is now owned by the Temtor Corn & Fruit Products Co., though it continued to be operated by the Corn Products Refining Co. for one year under a lease ending Oct. 1 1920. The Davenport, Ia., plant was sold to the American Cotton Oil Co. in Dec. 1919, for $250,000 and was resold by that company on Dec. 22 1920 at public auction for $155,000. See V. 109, p. 1277, 1463, 1702, 2267; V. 112, p. 66.

The decree leaves the company with plants at Argo and Pekin, Ill., and Edgewater, N. J., and also its foreign business which before the war amounted to 25% of its total business. The sale of the plants involved in the decree will not be followed by a reorganization or readjustment of the capital of the parent corporation. In 1919 began construction of an additional hydro-electric plant, initial capacity 44,000 k. w., known as the Caribou plant, and a steel tower transmission line thence to San Francisco Bay district, 192 miles. This new plant was opened in May 1921. See V. 109, p. 1364, 1703; V. 108, p. 2127; V. 112, p. 2196.)

(3) Also owns the $5,000,000 com. stock of the California Electric Generating Co. at Oakland, a steam power plant, capacity 10,500 k.w. (see below).

With the completion of the Caribou plant the company has a generating capacity of 109,000 k. w. of hydro-electric power, which together with the 23,000 k. w. from steam plants, will give a total capacity of 132,000 k. w. When all the power sites are utilized, over 500,000 k. w. will be developed.

INTERNATIONAL HARVESTER CO.—Originally incorporated in N. J. on Aug. 12 1902 and acquired five concerns manufacturing agricultural machines: Deering Harvester Co., McCormick Harvesting Machine Co., &c. Also has timber lands, coal, ore, blast furnace and steel properties. See full description of plants, organization, &c., in Oct. 1918, V. 107, p. 1574, 1575; V. 108, p. 2038; V. 85, p. 104. Canadian Co., V. 108, p. 385. In 1919 acquired Chattanooga Plow Co. and Parlin & Orendorff Co. of Canton, Ill. V. 108, p. 2437. In June 1920 acquired the Richmond (Ind.) plant of the American Seeding Machine Co., V. 110, p. 2662. New plant, V. 111, p. 1756; V. 114, p. 1897.

In Jan. 1913, in view of conditions then prevailing, it was thought best to transfer the business in foreign countries and the so called new lines to a separate organization, the International Harvester Corporation per plan in V. 96, p. 365, the capitalization, previously $80,000,000 common and $60,000,000 7% cum. pref. stock being divided equally between the two companies. On Sept. 19 1918 the separate companies were again united under the laws of N. J. as the "International Harvester Company" with the former capitalization. V 107, p. 1195, 1104, 1290, 1672; V. 108, p. 2038.

Under the pressure of war conditions the International Harvester Co. (the old company) agreed in Aug. 1918 to a settlement of the Federal anti-trust suit which it had previously appealed from the decree of a divided court, a decree based on the alleged, but unexercised power to dominate the agricultural implement trade. This settlement is outlined as follows:

Essential Provisions of Settlement in Aug. 1918 (V. 107, p. 608, 699.)

(a) The company to dispose of the harvesting machine lines known under the trade names of "Osborne," "Milwaukee," and "Champion." the trade names themselves, and all patterns, drawings, blueprints, dies, jigs and other machines and equipment used in the manufacture of those lines to independent manufacturers of agricultural implements.

(b) The company to dispose of the plants and works at Springfield, Ohio, and Auburn, N. Y., where the "Champion" and "Osborne" lines are manufactured.

(c) If not otherwise disposed of within one year after the war, the before-mentioned lines of machines, &c., to be sold at public auction.

(d) Company to be prohibited after Dec. 31 1919 from having more than one sales representative or agent in any city or town in the United States for the sale of harvesting machines and other agricultural implements.

(e) If, at the expiration of 18 months after the war the foregoing measures have not proved adequate, in the opinion of the Government, to bring about harmony with the law, the Government to have the right to such further relief as may be necessary.

Following this settlement the International Harvester Co. of N. J. and the International Harvester Corporation were reunited as above stated. The preferred stocks being then exchanged share for share, while the common was exchanged 1 1-3 shares of the new for each share of the International Harvester Co. of N. J., and 2-3 of a share for each share of the International Harvester Corporation. V. 107, p. 608, 699, 1104, 1195, 1290.

STOCK.—Rights of stock, see application to list. V. 107, p. 1574.

The stockholders on July 29 1920 ratified the proposal increasing the authorized Pref. stock from $60,000,000 to $100,000,000 and the Common stock from $80,000,000 to $130,000,000. The plan provided: (a) that $20,000,000 of the new Common and $40,000,000 of the Pref. stock be set aside for employees under the stock ownership and profit-sharing plan; (b) that $10,000,000 of the new Common will be used for the payment of 12½% stock dividend on the Common and (c) the balance, $20,000,000, will be available for the payment of 2% semi-annual stock dividends on the Common stock, the same to be declared on the first days of Jan. and July of each year if the directors so decide. V. 111, p. 498, 697.

DIVIDENDS.—Regular dividends at rate of 7% per annum were paid on the pref. stocks of the International Harvester Co. of N. J. and Int. Harvester Corp. Dividends at rate of 5% per annum were paid on Inter. Harvester Co. of N. J. common stock from 1913 to 1916; 7% in 1917 (5% and 2% extra) and two dividends of 1¾% each were paid on April 15 and July 15 1918, respectively. No dividends had been paid on the common stock of the Inter. Harvester Corp. since July 15 1914 owing to European war.

In 1918-19, because of the increased cost of labor and materials and because a final settlement had not yet been effected with the Government agents and accountants in regard to the 5-year lease of the Chalmers Motor Corp. properties, it was deemed necessary to conserve the cash resources of the company and to discontinue the payment in scrip or otherwise of the pref. dividends since Oct. 1 1918. PACIFIC GAS & ELECTRIC CO., SAN FRANCISCO.—(*See Map.*)—**ORGANIZATION.**—Incorporated in Cal. Oct. 10 1905 as a consolidation and owns and operates extensive properties employed in the production and sale of electricity and gas for light, heat and power, about 61% of its revenues being derived from electricity and about 34% from gas. It also owns and operates the entire street railway system of Sacramento, 44 miles of track, and is engaged in the sale of steam for heating and of water for irrigation and domestic purposes, deriving approximately 5% of its revenue from these and other less important activities. All the properties, except those of the recently acquired Mt. Shasta Power Corp. and those leased from the Sierra & San Francisco Power Co., owned in fee.

The operations of the company extend into 36 counties of central and northern California, having an area of 54,000 square miles and an estimated population (1920) of 1,799,652. The business field embraces the important San Francisco Bay section and the fertile Sacramento and San Joaquin Valleys. The company serves eight of the twelve largest cities in California.

At the close of 1921 the company operated 28 hydro-electric generating plants having an aggregate installation of 308,244 h.p., four modern steam turbine electric plants with an aggregate installation of 173,592 h.p., also also 238 sub-stations and 9,971 miles of transmission and distribution lines with a connected load of 1,044,217 h.p.

The gas department includes 19 manufacturing plants with an aggregate capacity of 72,470,000 cubic feet per day and 3,168 miles of mains.

In Oct. 1919 purchased the properties and most of the $10,000,000 capital stock of the Northern California Power Co. Consolidated at $34 per share, thus acquiring 525 miles of high-tension lines and 1,611 miles of low-tension lines, a valuable power site on the Pitt River, potential development of at least 90,000 h. p. and six hydro-electric generating plants on Battle Creek and Cow Creek, with an aggregate installation of nearly 50,000 h. p., then marketing 30,000 h. p. V. 109, p. 173. In Dec. 1919 leased for 15 years the properties of the Sierra & San Francisco Power Co. V. 109, p. 2362.

Franchises in over 176 cities and towns, it is claimed, are perpetual, the U. S. Supreme Court on April 6 1914 having ruled that all franchises of public service corporations within the State of California obtained prior to Oct. 10 1911, were of perpetual duration and could not be altered.

75-cent gas rate held valid. See V. 109, p. 2444. Rates, V. 111, p. 195, 499; V. 113, p. 77, 967. Decision calling for refund of over $2,000,000 impounded funds. V. 112, p. 2649.

STOCK.—In July 1914 the issuance of the initial $12,500,000 1st pref. stock for improvements, extensions, refunding, &c., was authorized. **The old pref. stock ($10,000,000 auth. and outstanding) became 2d pref. and the auth. amount of com. was reduced from $150,000,000 to $100,000,000. V. 98, p. 1846; V. 99, p. 121. The 2d pref. stock is convertible since July 1 1916 into 102½% of 1st pref. and has mostly been thus retired. only $45,600 being outstanding Mar. 31 1922.**

From July 1920 to April 1922 sold $13,685,000 first pref. stock and used proceeds for additions and betterments to property. In Jan. 1922 was authorized to issue $5,000,000 first pref. stock for additions & betterments.

The stockholders Dec. 12 1921 approved the reclassification of the $160,000,000 authorized capital stock as follows: $79,900,000 first preferred stock (increased from $50,000,000), $100,000 original preferred stock (decreased from $10,000,000), and $80,000,000 common stock (decreased from $100,000,000). V. 113, p. 2623.

STOCK.—The stockholders on July 25 1919 voted that the maximum cap. stock be increased from an auth. $33,000,000, all common stock, par value $25, to $68,000,000, divided into (a) $15,000,000 8% cum. con. pref. stock par $100; (b) $33,000,000 com. stock, par $25; (c) 20,000,000 Class B common stock (non-voting), par $25. V. 109, p. 179, 277, 483, 1185, 1279.

The entire $15,000,000 of 8% cum. conv. pref. stock was sold forthwith for cash to bankers, who agreed to exchange said pref. stock for such of the ten-year 6% conv. gold debentures of 1924 as might be deposited on or before Sept. 22 1919. The proceeds received from the sale were to be used as follows: (a) to pay off on Jan. 1 1920 such of the convertible gold debentures of 1924 as might not be exchanged for pref. stock or converted into com. stock; (b) to pay off on Dec. 31 1919 such of the 5-year 6% convertible gold notes as might not be converted into common stock; and (c) for the development of the corporation's property in the Ranger-Texas and other oil fields, the liquidation of current bank loans and other corporate purposes.

The pref. stock is convertible at any time on or before Jan. 1 1923 into an equal par amount of Class B com. stock, and is redeemable at option of company, all or part, from July 1 1922 to July 1 1949 at 115 and divs., but if so called prior to Jan. 1 1923, may be converted up to that date; sinking fund beginning July 1 1922, not less each year than 3% of the issue (or $450,000) to cancel same. The Class B common stock is in all respects of the same character and has the same rights and is subject to the same conditions as the present common stock, except that the Class B stock has no voting power. Of the $20,000,000 auth., $15,000,000 is held for conversion of pref. stock and the remaining $5,000,000 unissued.

ROGERS-BROWN IRON CO.—See "Ry. & Ind. Section" for Nov. 1921 and V. 114, p. 1898.

ROYAL DUTCH CO.—ORGANIZATION.—Incorp. in The Hague, Holland, in 1890, with a capital of 1,300,000 florins ($522,600). Through its subsidiaries it is now the largest international producer and distributor of mineral oil and its by-products of Europe. V. 107, p. 2243. Started as a local enterprise of the Dutch East Indies. After 1900 developed rapidly. In 1902 entered the international field and in conjunction with the "Shell" Transport & Trading Co. of London (which see) and the de Rothschild (Paris) group, founded the Asiatic Petroleum Co. as a distributing concern. Subsequently absorbed the principal other oil producing enterprises in Dutch East Indies and amalgamated its interests with those of the "Shell," the combined assets of both being turned over to two new companies, viz., the "Bataafsche Petroleum Co. and the Anglo-Saxon Petroleum Co. The "Royal Dutch" holds 60% in these two concerns (the "Shell" 40%); also 12½% of the outstanding ordinary "Shell" shares. The two interests so combined have since then acquired exclusive or controlling interests in important oil fields in Rumania, Russia, Egypt, the United States (Oklahoma and California), Panama, Venezuela and Mexico.

List of subsidiaries was published in V. 113, p. 2511.

AMERICAN INTERESTS.—The combination owns a predominating interest in the Shell Co. of California. V. 109, p. 377. Also owns $2,247,000 Ordinary shares and $840,000 Preference shares of the Roxana Petroleum Corp. of Virginia and $179,760 Ordinary shares of the Ozark Pipe Line Corp. The "Roxana" owns fields in the well-known oil districts of Cushing, Healdton and Bartlesville. Also constructed a large refinery in St. Louis and one at New Orleans. At Martinez, on the Pacific Coast near San Francisco, a refinery capable of handling 25,000 bbls. a day and storage facilities at Martinez and on the fields for 4,250,000 bbls. have been established, as well as an 8-inch pipe line 170 miles long from the field to the refinery. In Mexico the allied companies, besides owning other valuable property, control the Mexican Eagle Oil Co., Ltd. Has also established large storage facilities and a refinery of exceptionally great capacity in Curacao, West Indies, in the immediate vicinity of the Panama Canal.

In Nov. 1921, a plan was formulated for the merger of the company's "American interests" with the Union Oil Co. of Dela., for details of which see statement of Union Oil Co. of Dela. below. See also Shell Union Oil Corp. below.

SHARES.—The com. shares have a par value of Fl.1,000 (say $402) each, but the company issues sub-shares of Fl.100 (say $40 20) each. For trading purposes here, Dutch shares of 100 Florin par value were deposited with the Equitable Trust Co., N. Y., against which were issued three certificates for each share deposited. This gives a nominal par value of $13.40 to eacn "American certificate."

WELLS FARGO & CO. (EXPRESS).—Incorp. in Colorado Feb. 5 1866. On June 30 1917 operated on 84,751 miles of railroad in the U. S. and Mexico, 33,466 miles of stage, inland and ocean steamer routes; total. 118,218 miles. Also, jointly with National Rys. of Mexico, controls Wells, Fargo & Co. S. A. (Sociedad Mexicana). V. 91, p. 1451.

The loss of their contracts with the railroads because of Government control and operation, and inability to effect an arrangement with the Railroad Administration for continuing their individual operations culminated in an enforced retirement from domestic express operations and the transfer of the property of this company and the other leading express companies used in the express business to the American Railway Express Co. on June 30 1918 at least for the duration of the war. In consideration for the properties the several companies received stock in the Am. Ry. Exp Co. (the Wells Fargo, $10,500,000 thereof) but no guaranty of net return. In Dec. 1920 the I.-S. C. Commission approved the permanent consolidation of the several companies into the American Railway Express Co. V. 111, p. 2532; V. 108, p. 2020, 2124. See American Railway Express Co. above for dividends paid by that company.

Government control terminated March 1 1920. V. 109, p. 24 5.

ABBREVIATIONS USED IN THIS SECTION

EXPLANATORY.—This Supplement is expressly intended for use in connection with the investment news and official reports published from week to week in the "Chronicle." Frequent reference is made therefore to the volume and page of the "Chronicle" (as V. 114, p. 000), where fuller information may be found. Following each statement also is given a reference to the latest news item in the "Chronicle" respecting the company. As every such item has appended a reference to the last preceding item, the reader can run back at pleasure. Annual reports are in black-faced figures.

Index.—Any company not in regular alphabetical order may be found by means of the index, on another page, to roads leased and consolidated.

Dividends.—The *dividends* ("divs.") in the text are in general those actually *paid* during the calendar years named, irrespective of when *earned*.

Net Earnings are given after deducting operating expenses and frequently taxes, but not interest or other fixed charges.

Securities.—These are described in table at head of page (except the stock, for lack of space, sometimes only in text below) as follows:

Miles of Road.—Opposite bonds, this means the miles of road owned covered by the mortgage.

Taxes.—The position as regards deductions for taxes (deductible at source) is indicated in the table as follows: "x" The bonds so marked contain the broad tax-exemption clause that the company will pay the interest thereon without deduction for any tax. The Federal Acts approved Oct. 3 1917 and Feb. 24 1919 provide, however, that only one normal 2% income tax shall be deducted at the source and that all further Federal income taxes shall be met by the recipient of the income. See V. 108, p. 521. *xx* "Company was paying at last advices so much of the normal income tax as company is required to deduct as withholding agent (V. 104, p. 699). *xxx* "Free from U.
